That The World May Know series by Ray Vander Laan

Travel to Israel through this DVD series and radically change your understanding of the Scriptures. Wet your feet in the Jordan River and impact the culture with life-giving water. Show your trust in the Lord's provision by offering up first fruits at Jericho. And cleanse the land by confronting evil and using the tools of society to redeem your world for God. In this first volume of the **That the World May Know** series, historian and teacher Ray Vander Laan will show you how God guided his people to a specific place - the Promised Land - to impact the world both in ancient times and today. Experience the Bible in historical context and how we can use that knowledge today for our lessons of Faith!

The idea behind this bible study is: To more greatly understand and appreciate the Bible. By learning how to think and approach life as the people of the Bible did, modern Christians will deepen their appreciation and understanding of God's Word. Unfortunately, many Christians today do not have a basic knowledge of the world and the people of the Bible. This series is designed to help solve that problem. We will be studying the people and events of the Bible in their geographical, historical and cultural contexts. The more fully we can appreciate those times and places, the more fully we can respond to the power of the Word today. By deepening our understanding of God's Word, we can more clearly see God's revealed mission for our lives and strengthen our relationship with him. The mission of God's people has always been to live, *so that the world would know that their God was the true God.*

Please call or text Julie Olson at 785-577-5144, if you are interested in the study.

Please respond by January 24th, so we can purchase the books and resource materials.
